About the team

The Consumer team partners with a wide range of clients from those in the luxury retail space that offer small boutique HR teams to global businesses that have much larger HR departments. As we specialise in our desks we pride ourselves on understanding the market, our client needs and tailoring the search accordingly. We place roles at junior level from HR Administrator all the way up to Head of HR. There is a real passion in the team for understanding the commerciality of the businesses we work with. We regularly participate in Oakleaf Academy.
