## About the team

Getting to know candidates and clients is the aspect of recruitment we enjoy the most. We prefer to work in an open and honest manner, checking in regularly, fostering relationships, and eventually forming friendships. The bonus is that this approach enables us to recruit more effectively.

## What our clients say

Stacey approached me for an opportunity which materialised successfully. Stacey was very helpful and very effective communicator. Despite, some personal issues that I was addressing at the time, she kept the engagement very much alive. Great at what she does and keeps you updated all the way and follows through. Great experience.

**Amir Danny**  
Group Finance Manager at HG Group

I have had multiple dealings with Sam as a candidate in the last few years and she has always been helpful in the advice she has given me. Sam is one of those rare recruiters that takes the time to listen and truly help her candidates as opposed to so many other recruiters that try to rush candidates off the phone. A fantastic recruiter that I hope to work with again in the near future.
