## What we do

We are the largest dedicated Reward, Analytics, HR Technology and Global Mobility team in the UK. As a team we are highly experienced and cover junior roles all the way through to heads of and director level positions. We have dedicated team members split across all industries and specialist consultants looking at permanent, fixed term contracts and interim hires.

## Our specialities

- Reward
- Compensation
- Benefits
- Pensions
- Share plans
- HRIS
- HR Systems
- HRMI
- Global Mobility

## About the team

As a highly experienced and well networked team we offer many services to our clients, asides from supporting with hires. We run a number of events throughout the year including our Reward Academy where we have senior leaders come to talk to our junior reward network and more senior events such as breakfast roundtables.

## What our clients say

I have had the utmost pleasure of Sam Clark representing me and my company, Sterling Reward Management, for interim reward opportunities throughout the UK. Her personable and professional approach is second to none and I am particularly impressed with her ability to match client requirements with the most appropriate candidates. She is able to do this by taking the time to thoroughly understand the needs of both parties and Sam then ensures any introductions will be mutually beneficial.

I'm very pleased to provide this note of recommendation for Simon Lazarus. I have worked with Simon over the last few weeks and received a fantastic job offer. He has been absolutely amazing throughout the whole recruitment process. I found Simon very friendly, professional and hard-working. Highly motivated and dedicated in helping me start a new chapter of my professional career. I highly recommend Simon, he is an expert in the field.
