What we do

The TMT desk look after all generalist roles in the Tech, Media, Telco sector including Business to Business. We can help with interim, contract and permanent roles and will adapt our delivery to suit our client needs, for example anonymising CVs. With a passion for the creative world, the team stay abreast of changes in the market. We can advise and consult on emerging patterns and trends including help to benchmark salaries.

Our specialities

- HR Administrator/Coordinator
- HR Operations
- HR Advisor
- Talent Acquisition
- HR Business Partner
- Talent Management
- HR Manager
- Learning & Development
- HR Director
- HR Change and Transformation
- Head of HR
- Organisation Development
- Employee Relations
- Employee Engagement

About the team

The TMT team partners with a wide range of clients from start-up/scale up organisations to globally renowned media brands and tech names. We also partner with some of the largest telecommunications and business to business brands. As we specialise in our desks we pride ourselves on understanding the market, our client needs and tailoring the search accordingly. We place roles at junior level from HR Administrator all the way up to Head of HR. There is a real passion in the team for understanding the commerciality of the businesses we work with. We also regularly participate in the Oakleaf Academy.

What our clients say

Alice has been so supportive in my career and understands the human and professional side when I was looking for my next step. Alice is also an advisor and is excellent at being clear and to the point on what is needed through feedback but also ensuring the culture and fit for everyone makes sense. I would highly recommend Alice as a partner on both client and candidate side

Laura Barton
Edelman

Thank you again for your hard work on this project – I said at the start that it was a really important search and the appointment was pretty key to our plans and the Board were therefore watching the whole thing closely – so I’m delighted that we have secured Heidi for the role and both Hetal and I appreciate the work that went into the process. You have a very happy client.
